About Me

I am a Web Developer who has recently completed a Full Stack Web Development bootcamp, and with a 2-year diploma in Object Oriented Programming. I am looking for a full-time role with a desire to grow and develop my technical skills. I excel in roles with multiple projects requiring analytical and development skills.

My goal in development is to earn experience and build solutions that meet stakeholder requirements following best industry practices with a strong customer focus.

My experience is based in Warehouse Logistics Management, Distribution Center Leadership, IT Support, and Customer Escalations. I have excelled in these roles by striving to make data-driven process improvements.

Technical Skills

Front End: ReactJS, Bootstrap, JavaScript, jQuery, Responsive CSS, HTML
Application: Node.js, Visual Basic, Java, Express
Database: MySQL, Mongo DB, GraphQL, IndexedDB
Tools: Git Management, Visual Studio, local

Employment History_____

H&M (Hennes Mauritz Inc)   **Jun 2023 – Current**
Distribution Center Team Lead   **Ajax, ON**
Leading a large team of associates and support staff to pick store replenishment and allocation inventory as well as all online Canadian orders. Working closely with shipping and packing departments to ensure the appropriate amount of work is being assigned for the day.

Amazon Delivery   **Nov 2021 – June 2023**
Process Assistant/Assistant Manager   **Whitby, ON**
Collaborating with various teams to ensure the highest level of delivery success. Increased delivery success rate, decreased parcels not on van, decreased customer escalations over a significant period by implementing new data sources and reporting tools.

Amazon Delivery   **May 2021 - Nov 2021**
Delivery Station Liaison   **Whitby, ON**
Collaborating with third-party vendors and station staff to resolve customer escalations and missed deliveries. Created a reporting and logging tool resulting in a significant increase in productivity, increase in overall success rates and a decrease in individual and team call time.
